## NOTICE

Date: 13.03.2023

This is to inform to the students that A 5-day Capacity Building Programme on QGIS is going to be held from 10.04.2023 to 14.04.2023. This event is organized in collaboration with Dhupguri Girls College and IIARI, Kolkata. The workshop aims to equip participants with fundamental skills and knowledge in utilizing QGIS, the widely-used open-source Geographic Information System (GIS) software. All the students are requested to active participate in this programme.

### Day: 1

- Overview of GIS – RS & Its Application
- Data Acquisition & Process.
- Georeferencing : Ground – Image & Image - Image.
- Projection

### Day: 2

- Vector Creation & Vector Editing
- Field Calculation & Label,
- Projection Area/Perimeter/Length Extraction

### Day: 3

- Import CSV file
- Join external file with vector layer
- Creation of Thematic map
- Layout generation

### Day: 4

- Image Classification in Q GIS,
- Geoprocessing
  - I. Attributal query & Spatial query
  - II. Vector Overlay & Raster Overlay

### Day: 5

- Advance Geoprocessing
  - I. Clip, Merge, Buffer, Intersection, Union,
- Drone Demonstration

### Scope of Workshop

This workshop will appeal to those who require an understanding of research approaches. Most importantly, it will help to enhance the ability to utilize the knowledge/skill in their studies or in professional lives. And also, it will be very helpful to those who are pursuing Under-graduate and Post-graduate courses. The eminent geographers of the world are of the opinion that in near future the Geo-spatial technology will play a pivotal role in the field of research and will help the society at large to frame its policies. This workshop will also help the students immensely, as we focus on their specific courses of both UG & PG. Further, the workshop aims to sharpen the logical mind of students for their upcoming Professional lives. Moreover, this endeavour will make it possible to offer such an expensive course in a pocket friendly manner to the rural folks of North Bengal.

### Future Prospects

The student participants can choose the Geoinformatics/GIS based career as an alternative path after completing their studies as the domain promises lots of opportunities in future. The Public sectors

such as central government , state government and innumerable statutory bodies, are directly recruiting the GIS professionals. Apart from them, the huge private sectors are in a hunting mode throughout the year so that they can make up their shortage of manpower. GSI,SOI,NATMO,DST are some of the examples in public domain whereas ESRI, HEXAGON, WRI are one of the leading recruiting MNCs in Geoinformatics/GIS. We are here to assist you in getting a foothold in this domain.

## About Dhupguri Girls' College

Dhupguri Girls' College was established with a vision to foster and cultivate the zeal for learning and education amongst the underprivileged women, especially in this region of Dooars, North Bengal. Developmental programs and governance of a postcolonial state has started to make inroads in this region only in the recent past, and since then a lot of thinking has gone into inducting women in various walks of life that alone can make them stakeholders in an inclusive framework of human growth and development. Since its inception in 2013, this institution has nurtured aspirations for higher education in these remote corners of the rural hinterland, amidst lots of challenges and impediments. We, at Dhupguri Girls' College believe that the pursuit of higher education in the holistic sense of the term can provide an avenue to these women to empower themselves in the contemporary times. Towards this end, the College aims to provide various academic resources to the students in the form of study materials and various audio-visual learning tools, to bring about a positive change in the rural community and strengthen the networks of knowledge transmission and production thereby opening up the avenues for employment opportunities. The enhanced level of awareness through their intellectual pursuits, we believe, will pave the way for innovative practices of thinking in days to come. This vision of the college has continued to grow in the last few years through an optimum utilization of its limited resources and funds. The strength of the institution lies in its potential to cultivate its human resources and instill independent and bold thinking amongst its pupils in a liberal academic environment.

## About Birpara College

Birpara College was established as a commerce college offering B.Com. (General) with English and Bengali as language subjects in 1986. Following increase in student enrolment and acknowledging their demand, the University of North Bengal (NBU) approved Accountancy (Honours) in 2000. By then, the college was also offering courses in humanities. In 1995, NBU had given the college sanction for starting B.A. (General) courses with the Economics, Sociology and Geography as the elective subjects. The introduction of the humanities resulted in manifold increase in the number of students and since then the college has got approval for seven Honours subjects—namely, Geography (2001), Bengali (2003), Sociology (2005), History and Nepali (both in 2009), English (2017) and Political Science (2020)—and six elective subjects: History (2003), Nepali (2005), Political Science (2009), Education and Hindi (both in 2012), and Physical Education (2017). B.Sc. (Program) course with Computer Science, Mathematics and Physics as the subjects was introduced as a self-financed course in 2017. The college authorities still feel the need for introducing certain job-oriented courses as well as some other popular subjects for the benefit of the students.

## About IIARI

IIARI is a research organisation based on Kolkata. It focuses on integrated studies, program implementation, industry and market research. It mainly covers three domains which include academic development, industrial services and consultancy work. Application of various software, system of geographic information and illustration of different skill development programs are the key, which provides hands-on training and projects that will help you to explore your motto of the academic counterpart. Innumerable short-term courses are offered here interests and sharpen your skills to procure a competitive edge in the workspace.
