EVENT COMPLETION REPORT

RESEARCH METHODOLOGY: APPLYING SCIENCE TO HANDS-ON DISASTER PREPAREDNESS AND RESPONSE

Organized By: NSS Unit I, Birpara College in collaboration with IQAC, Birpara College

Date of Event: 06th May 2023

Number of Participants: 60 students

Objective of the Workshop:

The primary aim of the workshop was to enhance participants' understanding of research methodologies and how scientific principles can be applied to practical disaster preparedness and response. The session aimed to provide students with essential knowledge and skills to engage in research related to disaster management, enabling them to contribute effectively to future disaster response efforts.

Key Highlights:

- 1. Introduction to Research Methodology:** The workshop began with an introduction to the basics of research methodology, including the importance of research in disaster management. The facilitator explained how scientific approaches can be integrated into real-world disaster scenarios.
- 2. Disaster Preparedness and Response Techniques:** The participants learned about different strategies used in disaster preparedness, such as risk assessment, resource

planning, and response strategies. Real-life case studies were shared to provide practical insights into effective disaster management.

- 3. Interactive Sessions:** The session was interactive, with participants actively engaging in discussions and asking questions. Experts in the field of disaster management were present to offer guidance and answer queries.
- 4. Collaboration between NSS and IQAC:** The collaboration between the NSS Unit I and the IQAC of Birpara College ensured that the workshop was well-organized, comprehensive, and impactful. The partnership demonstrated the college's commitment to providing students with both academic and practical learning experiences.

Outcomes of the Workshop:

- Enhanced knowledge of disaster preparedness and response.
- Improved understanding of how research methodologies can be applied to real-world situations.
- Development of practical skills through interactive and hands-on exercises.
- Increased awareness about the importance of research in disaster management among students.

Conclusion:

The workshop on "Research Methodology: Applying Science to Hands-On Disaster Preparedness and Response" was a resounding success. It provided valuable insights to students and equipped them with the knowledge and tools necessary to approach disaster management in a scientific manner. The NSS Unit I, in collaboration with IQAC, Birpara College, successfully organized an engaging and informative session that was well-received by all participants.
