## EVENT COMPLETION REPORT

### ONE DAY STATE LEVEL WORKSHOP ON "HYDROLOGICAL CYCLE DYNAMICS: A RESEARCH-ORIENTED WORKSHOP"

**Organized by:** Department of Geography, Birpara College in collaboration with IQAC, Birpara College

**Date:** 26th April 2024

**Resource Person:** Mr. Abdul Momin Hoque, Assistant Professor, Department of Geography, Dhupguri Girls College

**Number of Participants:** 38 students

**Overview of the Event:** The Department of Geography, Birpara College, in association with the Internal Quality Assurance Cell (IQAC), successfully organized a state-level workshop on the topic "Hydrological Cycle Dynamics: A Research-Oriented Workshop" on 26th April 2024. The workshop aimed to deepen participants' understanding of the hydrological cycle and its dynamic processes while encouraging research-oriented discussions and activities in the field of geography.

#### Details of the Workshop:

- Inaugural Session:** The workshop began with an inaugural session, where the Head of the Department of Geography welcomed the participants and introduced the esteemed resource person, Mr. Abdul Momin Hoque. A brief address by the Principal of Birpara College highlighted the significance of research in understanding the hydrological cycle and its implications for geography.

Date .....

- Keynote Address:** Mr. Abdul Momin Hoque delivered a comprehensive keynote address, shedding light on the intricate dynamics of the hydrological cycle. His lecture included an overview of the scientific principles governing the cycle, human impact on hydrological processes, and recent research trends in the field. The interactive session allowed students to raise queries and engage in meaningful discussions.
- Hands-on Activities:** The workshop featured practical exercises and demonstrations aimed at enhancing participants' analytical skills. Students were introduced to tools and methodologies for studying hydrological patterns, including data collection, analysis, and interpretation techniques.

## Outcome of the Workshop:

- The workshop successfully equipped students with a deeper understanding of hydrological cycle dynamics.
- Participants gained insights into research methodologies and tools applicable to the study of hydrological processes.
- The event fostered a collaborative learning environment and encouraged students to pursue research-oriented projects in geography.
