

EVENT COMPLETION REPORT

Event Title: Principles of Photogrammetry: Towards Modernisation

Date: 25th September 2024

Organized by: Department of Geography, Birpara College

Resource Person: Dr. Debarshi Ghosh, Assistant Professor, Dhupguri Girls' College

Introduction

The Department of Geography, Birpara College, successfully organized a state level workshop cum hands on training programme on 25th September 2024 on the topic "*Principles of Photogrammetry: Towards Modernisation*". The event was attended by 49 participants, which included students, research scholars, and faculty members from the college.

The resource person for the event was Dr. Debarshi Ghosh, Assistant Professor at Dhupguri Girls College, who delivered an insightful and engaging lecture. His expertise in the field of photogrammetry provided the attendees with a deep understanding of both fundamental concepts and the latest advancements in this area. Dr. Ghosh's talk focused on the evolving role of photogrammetry in modern geographic studies, emphasizing its applications in remote sensing, GIS, and mapping technologies.

The session was interactive, with students and research scholars actively participating, posing questions, and discussing real-world applications of photogrammetry. Dr. Ghosh's presentation was well-structured, combining theoretical aspects with practical insights, which kept the audience engaged throughout the session.

The event concluded with a vote of thanks delivered by a faculty member from the Department of Geography, expressing gratitude to Dr. Ghosh for sharing his valuable knowledge and to the participants for their active involvement. The workshop successfully met its objective of providing participants with a comprehensive understanding of modern photogrammetry principles and their relevance in the current technological landscape.

Conclusion

The workshop was a great success, with positive feedback from both students and faculty. It provided a valuable platform for learning and discussion on an important topic in modern geography.
